The Explorers are a self funded program within the Sunnyvale Department of Public Safety. The purpose of the program is to expose interested young men and women to the Public Safety field, and open the door to a future in this exciting, and challenging career.

Members range in age from 14 to 20 years old. Your support will help provide uniforms, equipment, and training opportunities that would not be available otherwise. Come To PF Chang's on **Wednesday Jan. 15**, and give your support to the future of your Public Safety Department by supporting the Explorers now.
